Song for splash screen	The asset was sourced from incompetech.com, no editing was done on the audio file after download.	Splash Screen

	Picture - Animated	P	My own work	GIF picture for splash screen. SPELLBOUND text popping up on screen a letter a time. Galaxy picture in top middle.	The asset was made using Serif Drawplus, Photoshop CS6 and Gifmaker.me. Serif was used to create the logo and the “loading text” by selecting the colour wheel and text tool. Photoshop CS6 was used for the gradient background and placing the different images in the correct places. Gifmaker.me was used to take the still images, each with an addition letter in “loading...” and make a GIF images out of them in a set sequence with a set interval between images.	Splash Screen
	Picture	P	No need. School has Word license. Used Shapes.	Wizard Picture	The asset was created in word using the built in shape tools. The shapes were placed and coloured to make the asset look like a wizard. The asset was edited for use on the navigation screen so only the head could be seen.	Nav Screen
http://www.translate-media.com/wp-content/uploads/2013/03/contact-us.jpg	Picture	S	Copyright Free	Contact Symbols	The asset was sourced from translate-media.com and was edited in Photoshop CS6 with the magic wand tool to remove the white background and allow for a transparent background.	Nav Screen
https://www.iconfinder.com/icons/190314/games_quiz_icon	Picture	S	Copyright Free	Quiz Icon	The asset was sourced from iconfinder.com and was edited in Photoshop CS6 with the magic wand tool to remove the white background and allow for a transparent background.	Nav Screen
	Picture	P	My own work	Nav Screen Button	The asset was made using Serif Drawplus. The shape tool created the background with the colour selector allowing for the image to be coloured. The text was added with the text tool where the font was also selected.	Nav Screen
	Picture	P	My own work	Nav Screen Button	The asset was made using Serif Drawplus. The shape tool created the background with the colour selector allowing for the image to be coloured. The logo was cropped in Photoshop and then added using Serif, it was resized to fit onto the shape background.	Nav Screen
	Picture	P	My own work	Nav Screen Button	The asset was made using Serif Drawplus. The shape tool created the background with the colour selector allowing for the image to be coloured. The text was added with the text tool where the font was also selected.	Nav Screen
	Picture	P	My own work	Nav Screen Button	The asset was made using Serif Drawplus. The shape tool created the background with the colour selector allowing for the image to be coloured. The head was cropped in word and then added using Serif, it was resized to fit onto the shape background.	Nav Screen
